Order Questions

Question	Answer	Comment
Red Blood Cells: # units to transfuse	None	
Select research study to bill:	NONE	

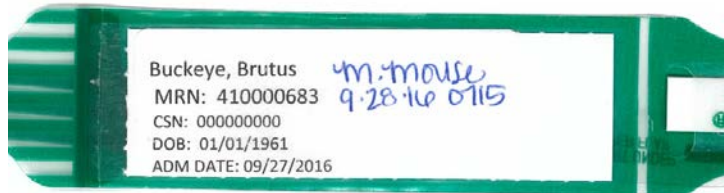

I have attached the blood bank wristband to the patient and have drawn the blood specimen. I reconciled the labels and requisition with the patient's blood bank wristband. I attached the labels to the specimen prior to leaving the patient's bedside and signed and dated each label.

m. mouse Date: 9.28.16 Time: 0715
